### Introduction

NUA Films are short video series online that encourage questions, acknowledge doubt and offer an engaging perspective on the Christian faith. These videos have been created by Irish youth and parish workers. We have lots of different series to choose from. Our resources have been endorsed by Diocesan advisors, Teachers and Youth workers.

### Years of experience of working with and listening to young people

NUA Films comes from Scripture Union Ireland years of experience of engaging with thousands of Irish young people through retreats and faith based programmes and listening to their questions and struggles with the faith.

### A <u>GIFT</u> for the faith formation of Irish young people

Scripture Union Ireland through very generous donations etc invested significant sums and staff resources in producing these high quality film series.

However it was decided that the videos should be provided FREE by way of a GIFT to bless and support Irish schools and parishes who are committed to the faith formation of their young people and to alleviate any economic barriers to doing so.

### **Linking the RE Curriculum**

NUA film series was not produced as a *substitute* for the RE Curriculum, but is an ideal *supplement* for delivering the resource in the limited time allocation of RE class per week. The topics in each NUA series compliment the learning outcomes of an RE class.

### Uniqueness of NUA:Origins

### Specifically developed for this age group 9/10-14 years

NUA:Origins is an 8 part high quality film series developed by Scripture Union Ireland for 10-14 year olds and aims to provide a learning environment that empowers young people to engage with the person of Jesus and explore the 'big questions' regarding the Christian faith.

NUA:Origins was produced in Ireland for this age group 9/10-14 years at this faith milestone and the critical decisions they will make regarding their continued faith journey especially for many at Confirmation.

### An Irish Production with Irish Hosts

It was produced by an experienced Director (Greg Fromholz), filmed on locations around Ireland/Europe and has three Irish young adults as its hosts who share the origins of their own faith journeys while encouraging the viewers to explore their own. Young people can therefore connect and relate to these faith stories and experiences.

The videos comprise of 8 Episodes, 12 minutes long broken into three 4 minute segments. The presentation is contemporary and conversational in style that engages with the young person and taking them on a Journey through the central themes of the Christian Faith: God and Creation; the true message of Christmas; the person of Jesus, His Passion, Death, and resurrection; Pentecost and the work of the Holy Spirit, his gifts and fruits; the Church, a place of belonging and community; Prayer; and the Bible the Word of God and Choosing to Follow Jesus, the Journey continues.

### A holistic approach

**Exploration:** Allowing the young person to be open and honest about their faith as well as exploring the 'tough question'.

**Encouragement:** The video series will encourage them on their journey and grow as well as owning their faith.

**Enjoyment:** We want them to enjoy the experience and have fun along the journey.

**Encounter:** It is hoped that they will experience God for themselves and find the answers they have been looking for.

### A Tried and Tested resource

NUA:Origins is a tried and tested resource. During the production of the scripts and content we held three Focus Groups one in the Dublin Archdiocese and one with the Down and Conor Diocese with representatives comprising clergy, Diocesan workers, parish pastoral workers, teachers, catechists etc. We also held a focus group of sixth class primary age young people.

We ran a number of PILOT GROUPS in a schools and parishes during 2019/2020 (Covid times) and the feedback was extremely positive (see samples of endorsements from Ashbourne Parish (four primary schools) and Marino Parish (100+ Confirmation candidates delivered online to Home context).

### A participants reflective Journal

One of the outcomes of the Focus Groups was the need to produce an attractive printed Reflective Resource to encourage the young person to experience some personal reflective time after each four minute Session to engage more deeply with the content of the videos. It was also important that the Journal was NOT an exercise or workbook but a tool for personal and private reflection.

The resource is therefore accompanied by a Participants Journal that is tactile, A5 format printed, and ring bound for the participant to draw, jot down thoughts, pause and reflect. There is a small cost of €2 euro per participant which just covers the cost of printing.

### **User Guide and Episode Guide**

The resource is accompanied by a clear and concise User and Episode Guide to support the Facilitator or Teacher to deliver the resource with the utmost of ease.

### Connecting - NUA: Origins & Grow in Love

The Grow in Love RE Curriculum for Catholic Primary schools is an extremely comprehensive and excellent resource for teachers. The themes cover all the core elements of the Christian and Catholic faith and values, with excellent lessons guidelines.

NUA:Origins film series was not produced as a *substitute* for the Grow in Love resource but is an ideal *supplement* for delivering the resource in the limited time allocation of two and half hours RE per week.

Having reviewed the core themes and lesson outlines it is very evident that the content of NUA:Origins links extremely well and indeed enhances the delivery of the Grow in Love themes and lessons. (see on page 6 outline of links to related themes content)

The best example where NUA:Origins was incorporated well into the curriculum and Confirmation preparation was the Pilot Group in Ashbourne Parish Co Meath. This consisted of four catholic ethos primary schools with over 200 sixth class students.

Each NUA:Origins eight Episodes has three 4/5 minute sessions. These were easily incorporated into the RE curriculum whereby the teacher delivered an Episode per week over three days showing the 5 minute Sessions of video content followed by 5 minutes of personal reflective time where students used the Journal resource. This allocated just 10 minutes of the allocated 30 minute daily lesson. The NUA origins video content provided the teacher with the ready-made narrative content based on the theme of the Grow in Love lesson. The teacher used the remaining 20 minutes from the curriculum content.

The feedback from these teachers was extremely positive and they valued NUA:Origins for its high quality, the themes linked so well with the curriculum as well as the language being very age related. It engaged and held the students interest and allowed them to see faith as realistic and normal and desirable in a modern world of competing voices. It also in relation to Confirmation gave the students a deeper understanding of where the Holy Spirit fits into the broader Christian faith Journey. They also valued the reflective Journal resource which helped the student process what they had seen on the videos.
